-  4. Product Range/Lines Our Machines
-  5. Tedelta International

Company Profile

Our company, TEDELTA, since its foundation in 1988, has specialized in capping technology: capping machines, capping turrets, and feeding systems.

Developing our own capping heads, which are technologically advanced and comparable to those of world-leading companies, allows us to constantly improve our range of capping systems, adapting our technology to the most demanding markets.

Thanks to the dynamic Tedelta team, with more than 50 years of experience in the sector, we always offer our customers personalized attention that guarantees full satisfaction for their production needs.

TEDELTA
Moving forward to be a
Good to Great company

We at Tedelta firmly believe in developing business synergy that fosters mutual growth and strong, successful relationships

PHILOSOPHY OF OUR COMPANY

- ❑ Specialization : We are focused exclusively on capping and feeding technology
- ❑ Constant Research and development of capping heads and new capping machines: we offer the most technically advance and competitive product that allows our clients to incorporate them into their production processes, and reach their marketing goals, with new bottles and caps designs.
- ❑ Flexibility : Highly qualified staff with clear aim to design and manufacture made to measure capping machines adapting to each costumer requirement.
- ❑ Our rigorous quality and cost control, the most advance technology and our specialty in the field, allows us to successfully solve the competitive and complicated requirements of the industry with price friendly quality.

Thinking ahead, moving forward

Our commitment in capping technology, allows us to offer tailor made capping solutions to filler equipment manufacturers and complete capping systems to the end user. More than 40 years of experience, gives us total control of our design and manufacturing of our equipment; Cappers, turrets and capping heads makes us the one and only Spaniard capper manufacturer.

Our Values

We at TEDELTA firmly believe that the values of a company should be those that benefit in a global and individual manner all that are involved and related with the company. Values should be broad in all aspects, and equally shared with our clients, suppliers and workers
